

## Curriculum Vitae

**Susan E. Barkan, Ph.D.**

work: (206) 221-3124

[barkas@uw.edu](mailto:barkas@uw.edu)

### EDUCATION

YALE UNIVERSITY, New Haven, CT	Ph.D., Chronic Disease Epidemiology – Psychosocial/Perinatal	1989
<i>DOCTORAL DISSERTATION: “Heterogeneous Causation of Racial Disparities in Low Birth Weight Neonatal Mortality: The Differential Impact of Severe Congenital Malformations”</i>		
	M.Phil., Chronic Disease Epidemiology – Psychosocial/Perinatal	1985
UNIVERSITY OF WASHINGTON, Seattle, WA	M.S. Program, Epidemiology	1984
ANTIOCH COLLEGE, Yellow Springs, OH	B.A., Psychology/Biology	1978

### CLINICAL AND RESEARCH FELLOWSHIPS/FACULTY APPOINTMENTS

#### UNIVERSITY OF WASHINGTON, Seattle, WA

<b>SCHOOL OF PUBLIC HEALTH, <i>Clinical Assistant Professor, Department of Epidemiology,</i></b> present	July 2002 –
<b>SCHOOL OF SOCIAL WORK, <i>Affiliate Faculty</i></b> present	July 2014 –

#### THE CHILDREN'S HOSPITAL/HARVARD MEDICAL SCHOOL, Boston, MA

<i>Instructor in Pediatrics</i>	July 1991 - July 1999
<i>Clinical Research Fellow – Family Violence</i>	July 1990 - July 1992
Postdoctoral clinical and research training fellowship in family violence involving: assessments and interventions with children and families at risk for or experiencing emotional, physical and/or sexual abuse; wrote grant proposals to conduct survey on physician knowledge, attitudes and actions with respect to family violence and to assess impact of woman abuse on pregnancy and women's health outcomes; wrote original articles for publication.	
Eli H. Newberger, M.D., M.S. - Family Development Program, Department of Medicine	

### RESEARCH EXPERIENCE

#### PARTNERS FOR OUR CHILDREN, UNIVERSITY OF WASHINGTON SCHOOL OF SOCIAL WORK, Seattle, WA

<i>Director of Research, Principal Research Scientist</i>	September 2019 - present
<i>Associate Director of Research, Senior Research Scientist</i>	August 2011 – August 2019
<i>Interim Research Director</i>	September 2010 – July 2011
<i>Research Scientist</i>	March 2008 – April 2011
Develop interventions and design and conduct research to evaluate and determine efficacy of interventions aimed at improving the health and wellbeing of children and families involved with the child welfare system. Principal Investigator on Strive, a parent support and education program delivered during supervised visitation to child welfare involved parents. Recipient of King County, Best Starts for Kids Innovation Fund Grant to collaborate with tribal health organization to adapt Strive for Native families. Principal Co-I in collaboration with Social Development Research Group on ‘A Trial of Connecting to Prevent Drug Abuse and Risky Behaviors in Foster Teens’ (NIDA 1R01 DA038095-01A1) designed to test the effectiveness within the foster care system, of a program adapted (under NIDA 1R34DA029722-01) from an evidence-based, self-directed, family focused, substance abuse prevention program (Staying Connected with Your Teen). Member WA State Racial Disproportionality Advisory Committee, King County Disproportionality Coalition, WA Association for Infant Mental Health. PI/Lead Evaluator on a local partnership to implement and test an intervention (Youth Villages Lifeset) aimed at preventing adverse outcomes including homelessness in young adults with child welfare involvement.	

**PUBLIC HEALTH-SEATTLE & KING COUNTY, Epidemiology, Planning, and Evaluation, Seattle, WA**

***Epidemiologist***

July 1997 – March 2008

**Parent/Child Health Epidemiologist  
2008**

January 2001 – March

In collaboration with local early learning advocates, secured funding for: U.S. Dept. of Education (2007-2010; 2003-2006), Seattle Early Reading First grants (\$4million/\$400K evaluation; \$3million/\$450K evaluation;) and Child Care Bureau (2001) Early Learning Opportunities Act (\$1,000,000, evaluation: \$140K) to enhance early learning and development. Lead evaluator, responsible for program evaluation involving both quantitative and qualitative data collection methodologies. Responsible for monitoring, analysis and reporting on local trends in adolescent birth, pregnancy, risk factors for adverse pregnancy outcomes and disparities in fetal and infant mortality. Lead evaluator of school-based health center evaluation, provide technical assistance to community-based organizations, and identify strategies to eliminate disparities in infant morbidity and mortality.

**PUBLIC HEALTH-SEATTLE & KING COUNTY, HIV/AIDS Epidemiology Program, Seattle, WA**

**HIV Testing Survey (HITS-2000), Principal Investigator:**

January 2000 – January 2001

Successfully acquired funding from CDC (\$102,152) to conduct HITS-2000 in Seattle-King County in conjunction with seven other municipalities nationwide. HITS-2000 is an anonymous, cross-sectional, multi-site study designed to determine the extent to which policies regarding HIV reporting influence high risk individuals' decisions to seek or defer testing for HIV. Responsible for all aspects of study implementation including training and supervision of study staff, quality assurance, tracking progress, reports to funding agency and local analyses.

**HIV/AIDS Surveillance Coordinator:**

July 1997 - January 2001

Coordinate, maintain, improve and analyze King County HIV and AIDS surveillance data, including preparing annual HIV/AIDS Epidemiology Profile for Community Planning, and conducting other analyses and reporting for the purposes of monitoring the epidemic and providing data to assist community HIV/AIDS prevention and care services groups with care and prevention planning. Member of Seattle EMA HIV/AIDS Planning Council and Prevention and Membership Committees. Participant in 1999-2000 and 2001-2002 Prevention Prioritization Committee charged with determination of priority allocation categories for CDC prevention funds. Responsible for implementation and supervision of Epidemiologist I conducting mortality study evaluating factors associated with trends in AIDS deaths in King County, conducted analyses, presented study findings at national meetings and published in peer-reviewed journal.

**Tie Study:**

July 2000 - January 2001

Responsible for implementation of a case-control study to explore Hepatitis C (HCV) transmission within social networks of injection drug users (IDUs).

**NEW ENGLAND RESEARCH INSTITUTES, Watertown, MA**

***Senior Research Scientist***

April 1992 - July 1997

Responsible for conducting NIH and CDC-funded research studies (detailed below), writing peer reviewed manuscripts for publication (detailed in bibliography), developing research ideas and submitting grant applications to NIH, CDC, and foundations on a variety of topics including: the development and evaluation of educational media packages family violence, HIV testing and pregnancy, and Fetal Alcohol Syndrome.

**Statistical and Clinical Coordinating Center, Co-Principal Investigator**

April 1993 - July 1997

**Women's Interagency HIV Study (WIHS), Project Director**

Coordinated successful submission to NIAID (\$14,000,000 for 5 years) for funding for statistical and clinical coordinating center of 3 studies of HIV in women (WITS, WIHS, HERS), Co-PI of Coordinating Center and as Project Director of the WIHS. As Project Director for the WIHS was responsible for training, coordination, and standardization of study implementation from design through analysis phase of NIH-funded multi-center (23 sites) study of the predictors and correlates of HIV disease progression in U.S. women (2054 HIV+, 568 HIV-). Coordinated the development and ongoing support of a National Community Advisory Board for the study comprised of HIV seropositive women. Developed and implemented quality assurance monitoring to assure adherence to study protocols. Supervised team of 12 full time staff, responsible for communications with approximately 200 investigators, clinical, laboratory, data management and administrative staff nationwide.

**HIV Testing and Pregnancy: A Media Package, Principal Investigator**

September 1995 - April 1996

Secured funding for Phase I of CDC grant to develop educational media on the issue of HIV testing during pregnancy which included one videotape and brochure for women who are pregnant or considering pregnancy and one tape and manual for their health care providers to help women to make an informed decision regarding whether or not to be tested. Conducted focus groups with pregnant women, HIV seropositive women, and prenatal health care providers to get input on content and approach of video and manual and directed and produced pilot video prototype, conducted focus groups to evaluate video prototype.

**HIV Epidemiology Research Study (HERS), Project Director**  
1994

April 1992 - January

Responsible for Data Coordinating Center for CDC-funded multi-site study of the natural history of HIV disease progression in women. This included development, training, coordination and oversight of all start-up phase activities. Supervised coordinating center staff in the development of pilot instruments and protocols, trained field staff for pilot, provided oversight and implemented pilot study. Analyzed pilot results and modified study instruments for full study, trained field staff for full study, provided oversight and quality assurance monitoring via site visits, developed follow-up study instruments and protocols.

**BETH ISRAEL HOSPITAL, Boston, MA**

*Epidemiologist/Research Associate*

July 1991 - June 1992

Collaborated and coordinated research activities of a group of researchers examining trends in disparities in infant mortality, the reproductive rights of women, and emerging conflicts in maternal and child health policy. Conducted independent research, wrote original manuscripts for publication, generated grant applications. Designed research protocols and analytic strategies. Paul Wise, M.D., M.P.H. - Program for Reproductive and Infant Health Policy, OB/GYN Department

**EDUCATIONAL DEVELOPMENT CENTER, Newton, MA**

*Senior Researcher*

October 1990 - November 1991

Collaborated in the design, piloting and execution of a multi-site qualitative study of the intersection of family violence with the healthcare sector conducted in five communities throughout the U.S. Conducted intensive, in-person interviews, summarized field notes, analyzed data, generated testable hypotheses and wrote sections of final report to funding agency, the Robert Wood Johnson Foundation

**HARVARD UNIVERSITY, Boston, MA**

*Research Coordinator/Analyst*

1988 - 1991

Analyzed, managed and coordinated multi-state collaborative infant mortality review data bases to assess trends and racial disparities in infant mortality focusing on differential risk status and gaps in the delivery, utilization and efficacy of health services.

Paul Wise, M.D., M.P.H. - Division of Health Policy Research and Education, School of Public Health

*Research Consultant in Epidemiology*

1988

Developed questionnaire for the National Center for Health Statistics' 1990 Longitudinal Follow-Up Survey to assess the health, development and behavior of children, utilization of health services and public programs, content of pediatric care, barriers to care, postpartum stress, maternal depression, maternal health behaviors, nutrition, poverty, employment and health insurance status.

Milton Kotelchuck, Ph.D., M.P.H. - Division of Health Policy Research and Education, School of Public Health

**YALE UNIVERSITY, New Haven, CT**

*Programmer Analyst Consultant*

1987

Analyzed and managed data for a study of compliance behavior in diabetic children.

John Leventhal, M.D. - Department of Pediatrics, School of Medicine

*Biostatistical Consultant*

1986 - 1987

Provided biostatistical consultation, analyzed and managed database for a study of illness education and compliance behavior in schizophrenic adults. Denny Jewart, Ph.D. - Dept. of Psychiatry, School of Medicine

*Assistant in Health Services Research*

1985 - 1986

Evaluated effectiveness of state program which provided prenatal and infant care to low income women and children. Lorraine V. Klerman, Dr.P.H. - Department of Epidemiology and Public Health, School of Medicine

**UNIVERSITY OF WASHINGTON, Seattle, WA**

***Research Assistant in Epidemiology***

Collected and coded data on nutritional and familial factors as they relate to low birth weight and prematurity.  
Ruth Little, Dr.Sc. - Alcohol and Drug Abuse Institute, School of Public Health and Community Medicine

1984

**TEACHING EXPERIENCE**

**EPI SCHOLARS PROGRAM, PUBLIC HEALTH SEATTLE & KING COUNTY, Seattle WA**

***Instructor***

Social Epidemiology Workshop

Summer 2012-2017

**SEATTLE MIDWIFERY SCHOOL, Seattle, WA**

***Instructor***

Perinatal Epidemiology I & II

Spring 2001, Summer 2001

**YALE UNIVERSITY, New Haven, CT**

***Teaching Assistant***

Introduction to Epidemiologic Methods, Measurement Issues in Epidemiology  
W. Douglas Thompson, Ph.D. - Department of Epidemiology and Public Health, School of Medicine

1986 - 1987

**UNIVERSITY OF WASHINGTON, Seattle, WA**

***Teaching Assistant***

1984  
Introduction to Biostatistics.  
Nancy Tempkin, Ph.D. - Department of Biostatistics, School of Public Health and Community Medicine.

Spring

**ADDITIONAL EXPERIENCE**

**LUTHERAN FAMILY SERVICES OF WASHINGTON, Seattle, WA**

1983

***Counselor:*** Coordinated and conducted activities in residential treatment program for emotionally disturbed adolescents.

**CBH SHELTER FOR BATTERED WOMEN, Seattle, WA**

- 1982

***Counselor/Program Director:*** Developed programs and provided advocacy and counseling through individual and group sessions with women and children.

1980

**JOHNS HOPKINS UNIVERSITY SCHOOL OF MEDICINE**

Aug 1977

**Department of Pharmacology and Experimental Therapeutics**

***Research Intern:*** Conducted laboratory experiments on neurotransmitters (angiotensin peptide receptors) in mouse brain to explore possible biochemical basis of acute hypertensive crisis. Solomon Snyder, MD, DSc; James P. Bennett, MD, PhD

Mar-

**ANTIOCH COLLEGE DAY CARE CENTER, Yellow Springs, Ohio**

1977 - 1978

***Teacher:*** Provided childcare in infant and toddler day care center with children 0-3 years of age.

**CONSTANCE BULTMAN WILSON CENTER, Faribault, MN**

***Counselor/Intern:*** Residential treatment program for emotionally disturbed adolescents.

1976

**AWARDS**

Winning Victories for Humanity Award – Antioch College

July 2018

Enhancing the Field Award - King County, Public Health – Seattle & King County

May 17, 2006

National Clinical Research Service Award - National Institute of Mental Health

1990 - 1992

National Research Service Award Traineeship - National Institute of Mental Health

1984 - 1989
